Owners and renters desiring to place waterline or gas line in or across County right-of-way must have permission granted by the Holt County Board of Supervisors. Water and gas lines buried in the ROW or under the roadbed proper must be a minimum of 48" deep and be of steel, copper, or approved PVC pipe. All electric service that is buried must be buried to the following depths, primary 48", secondary 36". All telephone communications minimum of 30". In case any of the foregoing services are disrupted, damaged, or put out of service the County will not be liable in any way. Permission must be granted by the Holt County Board of Supervisors before any installation of Utilities. An approved sign shall be erected on a post 5' above ground level designating the route and the location of the utility.
